You can come to Original Soul Wingz for special event soul food vendors, on-site concession management, concession menu development, and catering. We also offer fundraising opportunities for nonprofit organizations, as well as someone to plan and execute your next special event. Keep 100% of your earnings without spending any of it on food.

RAISE MONEY \$\$\$ FOR YOUR GROUP

When you want real soul food, don't settle for anything less than Original Soul Wingz. We have created a unique opportunity to raise funds for any organization in the Washington, DC Metro Area. If you would like to partner with us to start raising money for your organization, simply fill out the contact form on our website. Enhancing the total fan experience.

Organizations can earn up to ten times more revenue with our concessions than they would by selling cookie dough, pizza, candy bars, water ice, gift cards, or outings at local fast food restaurants. We raise the funds you need now and keep programs running that make a difference to those in your community. You'll receive a generous percentage of the concession profits donated directly to your organization. The goal is to enhance the total fan experience.

Schedule your next fundraiser with Original Soul Wingz and get the money you need today, not tomorrow. Each event is fun, enjoyable, and profitable. Our team is committed to giving back to the community, and when we work sports venues, the goal is to enhance the entire fan experience. Eliminate the hassle and let us focus on concessions while you focus on your organization. This is a great fundraising opportunity for:
